

Frank Siri Elected to Head SM County's Farm Bureau

Frank T. Siri was named president of the San Mateo County Farm Bureau during the recent meeting of the board of directors. Siri, a vegetable grower from the East Palo Alto area, has been active in farm bureau and other agricultural organizational work in San Mateo County for several years.

He was preceded as farm bureau president by M. R. Mattei, Pescadero, who was elected the first president of the newly organized farm bureau in 1946.

San Mateo County Farm Bureau is an organization of farm people associated for the welfare of agriculture through the State Farm Bureau with the American Farm Bureau Federation. Through farm bureau San Mateo County farm people have derived innumerable benefits, Siri explained. A large percentage of the membership participates in the group health insurance, group compensation insurance, and California Farm Bureau Federation's own automobile insurance program. County leaders are active in sponsoring in cooperation with 50,000 California Farm Bureau members a state and national program. Farm bureau members

actively support the Agricultural Extension Service in its educational program throughout the county, Siri added.

Siri will be assisted during the year by John Kyne, vice president; Joseph Cabral, field secretary, and M. R. Mattei, state delegate.

Residence Clause Waived for Jobs

San Mateo County's Board of Supervisors Tuesday morning "reluctantly" gave the Civil Service Commission permission to fill 12 county jobs with out-of-county residents.

Supervisor Edward McDonald said he couldn't understand why the commission couldn't find enough applicants for the post from among the 220,000 persons "at home."

But Russell Cooney, personnel director, explained that the commission had tried—and failed.

Waiving of the residence requirements for the jobs, he wrote in a letter to the board, "is necessary if we are to get sufficient applications from qualified persons."

The jobs for which the requirement will be set aside are:

Assistant medical superintendent at Canyon Sanatorium, public assistance worker, bookkeeping machine operator, supervising building appraiser, associate highway engineer, medical records librarian, physiotherapist, supervising nurse, sanitarian, junior engineering aide, junior highway engineer, engineering draftsman.

Track Employee Held On Drunk Charge

San Carlos police early Wednesday morning arrested William Edward Dower, 50-year-old race track employee, on charges of drunken driving. Dower, who gave his address as 315 King Ln., San Mateo, was arrested at 2:30 a.m. on El Camino Real at Morse Ave.

BOY SCOUTS—Boys enjoy the outdoors. They get a lot of outdoor experiences when they become Boy Scouts, such as the activity shown here. There are no barriers of race, color or creed in the organization. Boy Scouts are sponsored by the Community Chest. Drive for funds for the Chest was started in residential areas Sunday. The campaign started in the business district Friday.

Boy Scouts Depend on Community Chest For Activities, Solicitation Under Way

Boy Scouts look to the Community Chest to provide funds to carry on their activities.

Scouting serves all boys. The millions of youngsters enrolled in scouting all over the world give evidence that in scouting boys find the true meaning of brotherhood. No barriers of race, color or creed exist in the organization. Every boy is welcomed simply because he is a boy.

Scouts are normal, ordinary youngsters, scout leaders point out. Scouting's broad program is based on the knowledge that all boys are very human and very young. Its ideals are high.

It attempts to steer youthful energy and exuberance into safe, sane, but nevertheless exciting channels. It provides a means whereby a boy may do all the things boys want to do, under

the guidance of an interested and understanding adult, scout leaders stress.

Through its merit badge program it gives an opportunity to all boys to try out various crafts and skills. In many cases working on a merit badge which proved particularly intriguing has resulted in the decision to follow a trade or career which might otherwise never have been considered.

Scouting widens a boy's world, broadens his thinking and makes him understand that his useful-

SET UP NEW POST

On the recommendation of the personnel board, the Redwood City council Monday night introduced an ordinance setting up the civil service position of field clerk. The job will have a salary range of \$244-\$305.

ness as a citizen begins at home, extends to his community, his country and his world.

Aside from giving a wide and varied program to the boy who is capable of taking part in every boyhood activity, scouting achievements and tests are so established that they provide an incentive to handicapped youngsters also, giving them a goal to strive for, and in so doing, helps them to overcome their handicaps.

Persons who contribute to the Community Chest will be helping Boy Scouts. Solicitations started in the business district Friday.

Sunday was the initial day for solicitations in the residential areas. Quota for Redwood City to keep the eight agencies of the Community Chest in operation is \$35,000.

Vets May Qualify For Farms in State

Veterans in San Mateo County with farm experience who want to take part in the public drawing for 86 homestead entry farms in the Tulare Lake area can get application blanks and information from the Veterans Service Office, according to Floyd D. Granger, veterans service officer.

Interested veterans were also urged by Granger to act promptly. He pointed out that although the application filing period does not close until Dec. 20, the forms are complex and must be carefully filled in.

The farm units range from 72 to 135 acres in size, Granger said. Most of them are fully developed and ready to farm, while others are largely grassland.

Basic general qualifications for eligibility for the drawing, Granger has been informed by the U. S. Bureau of Reclamation, are: two years of full-time farm experience after the age of 15; evidence of character, industry and physical fitness for farm work; and \$2000 in net assets.

SM Woman Dies In Train's Path

A 30-year-old San Mateo housewife ended her life beneath the wheels of a speeding northbound train shortly before 7 a.m. Monday at East 25th Ave., San Mateo.

She was identified by police as Mrs. Lorraine Alice Czapsky, 667 29th Ave., San Mateo. Marital difficulties were blamed for the suicide.

According to police, the woman lay down across the outside northbound tracks and waited for the onrushing train to strike her.

The train was delayed 45 minutes.

Forum Letter

To the Editor:

It could only happen in Redwood City! What can happen only in Redwood City? The indecision, inaction and indifference as to the traffic mess on Saturdays and peak periods during the week, the creek problem, the extension of Broadway into Friendly Acres, and action regarding the Southern Pacific property near the depot.

What have the city officials done toward correcting the above problems?

Have funds been set aside to provide traffic signals along Broadway or hire temporary traffic officers for Saturdays and during peak periods during the week?

Are plans being drawn to cover the creek downtown or is it just talk like, so I have been told, that has been going on for the last 50 years?

Is land being condemned for the extension of Broadway or has the action ended with the removal of the National Motor Bearing fence across the public street?

Are condemnation proceedings being drawn so streets can be installed in so called "Butcher Field" to ease the traffic and parking problem around the depot? Are proceedings being planned to force the Southern Pacific to remove the freight depot as a public necessity so parking can be made available between Broadway and Whipple and Perry St. to the railroad tracks?

The above subjects are foremost in the minds of our citizens and while we may all grumble at additional taxes we do not mind when we can see something being done with our money which will make Redwood City a better place in which to live.

San Carlos Gets Decker Out For Portola Fete Next Week

Street decorations in California colors of blue and gold are now up in downtown San Carlos proclaiming the Fiesta de Portola to begin a week from tomorrow.

Colorful serapes, Spanish boleros, hats, Indian feathers, leather jackets, full dirndl skirts, wide sashes, beards and lace mantillas are to be seen everywhere as fiesta days begin in San Carlos.

Promptly at noon on Thursday concessions will open announcing the three-day celebration. First big event will be the children's parade to be held at 3 o'clock in the afternoon. Ruth Melendy, San Carlos superintendent of schools, is cooperating with the Chamber of Commerce fiesta committee in staging the parade.

Plans for the big adult parade with floats and marching units have been changed to 7 p.m. on Thursday evening with giant street lights illuminating the streets. Clayton Roberts Jr., parade director, urges entrants to register now.

"The King's Highway," an historic pageant, will be presented at the Recreation Center at 8:30 o'clock Thursday and Friday evenings after which the crowds will

return to the downtown area for the balance of the evening of fun.

Carl Hagenah, dance chairman, has announced that plans for the costume ball to be held on Saturday night, Oct. 16, at Devonshire Country Club are completed. Paul Law's Orchestra from the Fairmont Hotel will furnish music and tickets are available at all downtown stores.

**3 Firemen Injured
In San Mateo Blaze**

A fire of unknown origin last night injured three firemen and destroyed a paint shed containing \$200 worth of paint, at Hacienda St. and Louise Ln., San Mateo.

Capt. Cecil Morris, fire department inspector, said the blaze probably was caused either by oily rags left in the shed, or by a discarded cigarette.

Capt. Eloi Chanteloup and Firemen Joseph A. Bettencourt and James Dibble were splashed with hot paint when one of several large containers exploded. They suffered first degree burns of the hands, face and legs.

Captain Morris said the shed, owned by the David D. Bohannon organization, contained several dozen five-gallon cans of paint and linseed oil. He estimated the loss at least \$200.

The shed itself—a half-story frame structure—was completely destroyed.

The fire broke out after workmen had left for the day, and spread rapidly because of the highly inflammable contents, firemen said.

**To Allow Sidewalk
On Perry St. Lot**

A Perry St. parking lot committee recommendation that the erection of a five-foot sidewalk on the lot by a business may be permitted.

City Engineer Glenn M. Jain said the walk would not cut the number of cars which could use the lot.

Woodside Road Commercial Plans Again Studied Here

Efforts of property owners to rezone Woodside Rd. so that it can be used for commercial purposes were aired again here before the Redwood City council. Before council were the Planning Commission recommendations that applications of John McCarthy and Francis Cassarotto for such rezonings be denied. Mayor W. M. Werder claimed that the commission recommendation should be

B'nai B'rith Film Forum Planned

"Strengthening human relations through the medium of motion pictures" is the theme of the important Film Forum to be presented by the Anti-Defamation League Committees of Peninsula B'nai B'rith Lodge and Chapter on Wednesday evening, Oct. 20, at the Masonic Hall, Ellsworth and Tilton Aves., San Mateo.

The forthcoming event, the second in a series of outstanding inter-faith meetings under B'nai B'rith auspices, will serve to acquaint Peninsula organizations with the wide range of films available on the subject and to establish a film library to assist them in future programming.

Ralph W. Brill and Mrs. Jack Charnow, co-chairmen of the program, extend a cordial invitation to representatives of all community groups to attend the forum. "Visual education has been elevated to a leading position in the national school scene because it tells a story more dramatically and with greater emphasis than is possible to achieve by the spoken word."

ADL, in cooperation with leading educators everywhere, is privileged to present this type of program as an aid to civic, fraternal, service, PTA, religious and social groups who share with us the responsibility of promoting greater understanding and appreciation of people," the chairmen stated.

The meeting is open to the public and there is no admission charge. Assisting the chairmen in the planning are the Messdames Robert M. Shapiro, Harry Latimer, Philip Chandler, Robert R. Klein, Ralph W. Brill, the Messdames and Messdames Louis Wexler, Sidney Marks, Dr. Martin Karr, and the Messdames Barney Hoffeld, Mel Dollinger, Ted Bernstein and Julian Kaplan.

More Drivers Losing Licenses Under New State Financial Laws

BY EARL G. WATERS

SACRAMENTO (WNS)—In the three months the state's new financial responsibility law has been in effect 48,000 accident reports involving personal injury and property damage have been filed, 1000 licenses have been ordered suspended, and a total of seven and one-half million dollars in cash deposits have been ordered.

This is the record of California's 4,800,000 automobile drivers who for the first time are being compelled to assume responsibility for the damage they cause through negligence in operating motor vehicles upon the highways of the state.

One of the most significant facts developed in this first quarter-report is that slightly more than 2 per cent of the state's motorists have suffered the loss of their licenses because they have been involved in accidents for which they were unprepared to pay for the damages and injuries resulting.

This suspension of licenses has brought about two suits challenging the constitutionality of the provision which requires a motorist involved in an accident to either show financial responsibility or suffer the loss of his driving privileges.

The law itself was enacted in

preference to a more stringent regulation which would have required liability insurance as a condition to registration of a motor vehicle in this state.

Irrespective of what the courts may rule in these cases now pending, there is sufficient opinion among the state legislators in favor of some form of protection for motorists to assure the people of the state that the days of irresponsible driving are over.

Henceforth, if one intends to operate a motor vehicle upon the public highways some provision must be made to make certain damages inflicted upon others will be indemnified.

If the courts find that in

this particular instance the legislature has required the Department of Motor Vehicles to perform duties which are beyond its constituted authority there are many alternative measures which can be passed to stop the 2 per cent of drivers who persist in driving without the least concern for others.

It has been held that the driving of a motor vehicle is a privilege which can be revoked by the state and not a constitutionally guaranteed right.

This challenge to the existing law therefore is not regarded as one which will affect the ultimate fate of the thoughtless driver who has failed to accept a

measure of responsibility toward others by making a provision to compensate those who he may damage or injure through bad driving practices or outright negligence.

Composer's Section Holds Musical Tea

Mr. and Mrs. Edward Hoy and Mrs. William Griffith, all of San Mateo, were hosts to the composers' section of the San Francisco Music Club at a musical tea Monday afternoon at the Hoy residence.

The program consisted of three groups of pieces for two pianos by Mr. and Mrs. Hoy, and two groups of songs sung by Mrs. Griffith. Included in the two piano numbers were works by Handel, Debussy, Infante and Milhaud. Mrs. Griffith presented songs by Handel, Grieg, Brahms, Staub, and Poldowski.

After the program there was a short social hour, with Miss Bernice Remde of Redwood City assisting at the tea table.

Las Lomitas PTA Names Theme for Year

Members of the Las Lomitas Parent Teacher Assn. agreed that "PTA in the Modern Mode" was a fitting theme for the current term, at their recent meeting.

Mrs. James Ferguson, program chairman, outlined a program by which the entire family can benefit by hobbies and recreation.

It was announced the proceeds from coming parties would be used for sight saving classes and the El Portal project, with bazaar funds going to the school for new equipment.

Following the meeting refreshments were served.

Alpha Phi Alumnae Will Meet Saturday

All alumnae of Alpha Phi fraternity have been invited to attend the first fall meeting of the San Francisco Peninsula Alumnae Chapter, which will be held at Ramon Oaks on Saturday at 12:30 p.m. Mrs. Dorothy L. Longmire of Palo Alto, president, announced today.

Mrs. Longmire will preside at the meeting and will give a report on the national convention which was held in Glenwood Canyon, Colo., in June.

Reservations should be made no later than this evening with Mrs. William K. Houston at Diamond 3-5254.
